IDENTIFIERS	*University and Community College System of Nevada

ABSTRACT

In keeping with 1997 Nevada legislation, the University and Community College System of Nevada (UCCSN) provides to the school districts of the state information about enrollments in remedial courses within the UCCSN and the costs associated with providing that instruction. Although remedial courses are provided to both recent high school graduates (those who graduated between September 1998 and August 1999 for the purposes of this report) and to a significant number of older, returning students, this report focuses exclusively on the experiences of the recent high school graduates. The UCCSN policy for placement of students into appropriate English courses is first provided. There is no uniform policy for placing students into remedial math courses. Tables present data for each of the 18 school districts in the following areas: (1) number of students, student credit hours, and total costs for enrollment in remedial courses; (2) remedial courses taken, by school district and college or university attended; and (3) the percentage of graduates in UCCSN that are enrolled in remedial courses. Overall, 26.1% of recent Nevada high school graduates enrolled in UCCSN are enrolled in at least one remedial course (unduplicated headcount), and recent high school graduates comprise 19.6% of all UCCSN students in remedial courses. Report date: April 6, 2000

University and Community College System of Nevada
Remedial/Developmental Enrollments
Summer and Fall 1999

Report date: April 6, 2000

The 1997 Nevada Legislature approved Senate Bill 482, which directs the University and Community College System of Nevada (UCCSN) to return information to the school districts of Nevada on enrollments in remedial courses within the UCCSN, and the costs associated with providing that instruction. That legislation, now incorporated into the Nevada Revised Statutes at 396.548, states:

> *Provision of information to board of trustees of school districts regarding remedial instruction. The board of regents shall require employees of the system to provide to the board of trustees of each school district of this state, as appropriate, information regarding the:*
>
> 1. *Number of pupils who graduated from a high school in the district in the immediately preceding year and enrolled in remedial courses in reading, writing or mathematics at a university or community college within the system.*
> 2. *Costs incurred by the system in providing remedial instruction pursuant to subsection 1.*

The data necessary to satisfy this requirement were collected from the institutions of the UCCSN and are summarized on the following pages. For community college students, high school information is self-reported by students. The information has been provided to both the school districts and to the individual secondary schools, as appropriate, along with information regarding the placement methods utilized by the institutions of the UCCSN. Information about the remedial enrollments of students who graduated from private secondary schools in Nevada is also included in each of the tables.

This report includes information on students who graduated from a Nevada high school between September 1998 and August 1999 ("recent high school graduates") and who enrolled at least one remedial course at a UCCSN institution in Summer or Fall 1999. The report excludes any data for which a positive match to a Nevada high school could not be made. Besides these recent high school graduates, there are a number of other students who require remediation in order to participate in college-level courses. The UCCSN institutions enroll a significant number of these older, returning students in addition to the recent high school graduates.

Individual student record data are not reported in this document, as doing so would violate the restrictions of the Family Educational Rights and Privacy Act (FERPA). However, the UCCSN continues to pursue avenues by which it may share individual student data with Nevada school districts in order to meet the requirements of SCR 3. It is the goal of the UCCSN to be able to accomplish this objective in 2000.

In placing students in remedial courses, each institution is subject to Board policy as well as institution-specific internal policies on remediation. For this report, the cost of providing remedial instruction is calculated at a per-credit cost for community colleges and a higher per-credit cost for universities to reflect the actual differential that exists.

It should be noted that the terminology used to describe these enrollments varies. The UCCSN Board of Regents Handbook uses the term "developmental" to describe courses designed for students who are deficient in the general competencies necessary for a regular postsecondary curriculum and educational setting, while the wording of NRS 396.548 uses the term "remedial." We recognize that these terms have different meanings among people who work in this area, however, within the context of this report, these terms are used interchangeably.

University and Community College System of Nevada
Student Placement in
Remedial/Developmental Courses

The Board of Regents of the University and Community College System of Nevada has approved a policy for placement of students into appropriate English courses. All UCCSN institutions utilize the following guidelines in placing students in English courses:

UCCSN Board of Regents' *Handbook*
Policy on Student Placement in English Remedial Courses

Title 4, Chapter 16

II. Placement in English 101 in the University and Community College System of Nevada will be based upon an enhanced ACT English score of 21 (21-29), or an equivalent SAT Verbal score of 555-684 on the recentered SAT, TSW score of 44-59 or equivalent criteria through formal assessment of students.

Test Scores to Be Used

English Course	Enhanced ACT English	Recentered SAT Verbal	TSW
English 1, A Developmental English	1-20	200-554	43 or less
English 101	21-29	555-684	44-59
English 102	30-36	685-800	60 or more

In the event that ACT or SAT scores are not available, the institutions use alternate methods to place students in English courses.

There is no uniform Board of Regents' policy for placing students in remedial math courses. UCCSN institutions utilize various assessment tests for placing students in remedial mathematics courses. Those policies, and the institutional policies on English placement, are shown on the following pages.

UCCSN Institutional Placement Policies

Institutional policies on placement of students in remedial courses vary. Provisions of the institutional policies are summarized below.

Institution	Remedial Courses	Placement Method(s)
UNR	ENGLISH English 1	• Board of Regents *Handbook* Policy on Student Placement in Remedial Courses
	MATH Math 1	• ACT Math score < 21 • SAT Math score < 500 • Early Algebra score < 80 (College Board Computerized Placement Test) • College Level Math Score < 55 (College Board Computerized Placement Test) • No placement score and self-selection
UNLV	ENGLISH English A	• Board of Regents *Handbook* Policy on Student Placement in Remedial Courses
	MATH Math 095	• Students who have either an ACT score of less than 20 on the mathematics examination or an SAT score of less than 500 on the mathematics examination may not enroll in any higher level mathematics course until they have successfully passed Math 095.
	Math 096	• Students who have an ACT score of 20 to 21 on the mathematics examination or an SAT score of 500 to 519 on the mathematics examination may not enroll in any higher level mathematics course until they have successfully passed Math 096.

Institution	Remedial Courses	Placement Method(s)
CCSN	ENGLISH Adult Basic Educ. English 090 English 095 English 098 MATH Adult Basic Educ. Math 091 Math 093 Math 095 READING Adult Basic Educ. Read 091 Read 093 Read 095 Read 097	CCSN placement by ACT *COMPASS Test*. An English test score of 70 or higher places the student into college-level English courses. Those students scoring less than 70 complete a required essay, which is scored by English faculty. Math and Reading COMPASS scores determine placement in remedial Math and Reading courses.
GBC	ENGLISH English 095 English 101/107 WRITING English 095 English 101/107 READING English 095 English 101/107 MATH Math 090 Math 091 Math 095 Math 095	Placement assessment test used by GBC is the *College Entry-Level Assessment (CPTs)* • ACT 01-20, SAT 200-554 • ACT 21-29, SAT 555-684 • English placement assessment score 01-105 • English placement assessment score 106-120 • English placement assessment score 01-95 • English placement assessment score 96-120 Two sections—Arithmetic, Elementary Algebra • Math placement assessment score 0-85 (Arithmetic) • Math placement assessment score 0-85 (Arithmetic) • Math placement assessment score 0-85 (Arithmetic) • Math placement assessment score 01-62 (Elementary Algebra)
